A Wine, Chocolate & Shopping Experience

Friday, November 15, 2019  
NOVA Place, Pittsburgh  
6-9PM \$25/person

Join us as we kick off the holiday season with an evening of Triple Indulgence: Wine, Chocolate & Shopping. In celebration of November recognized nationally as "Prematurity Awareness Month," proceeds benefit prematurity research at Magee-Womens Research Institute.

Magee offers a constant reminder that miracles are possible in the hands of a highly trained team. With the largest NICU in Pennsylvania, UPMC Magee-Womens Hospital provides the best care for more than 2,000 premature newborns annually across the tri-state area. And right across the street, scientists from Magee-Womens Research Institute study key pregnancy-related complications such as preeclampsia, fetal growth restriction, and preterm birth, as well as the neonatal and lifelong complications stemming from these diseases.
